Dear Ms. Dortch:

On behalf of Mound Bayou Telephone & Communications, Inc. ("Company"), JSI files the attached confidential version of the FCC Form 481 ETC annual reporting information pursuant to sections 54.313 and 54.422 of the Commission's rules.¹ Company seeks confidential treatment under Protective Order for section 54.313(f)(2) financial information.² The redacted version is being filed this date via the FCC's Electronic Comment Filing System. In addition, attached is a letter requesting confidential treatment under Sections 0.457 and 0.459 of the Company's Five-Year Service Quality Improvement Plan Progress Report required by Section 54.313.³

Please direct any questions regarding the filing to the undersigned.

Sincerely,

John Kuykendall

Re: WC Docket No. 14-58
2016 ETC Annual Report of Mound Bayou Telephone & Communications, Inc.
Study Area Code 280462
Request for Confidentiality

Dear Ms. Dortch:

John Staurulakis, Inc. ("JSI"), on behalf of its client Mound Bayou Telephone & Communications, Inc. (the "Company") hereby requests, pursuant to Sections 0.457 and 0.459 of the Commission's rules,¹ withholding from public inspection certain information contained in an attachment to the above referenced reporting requirement. The Company provides the following in support of its request, numbered consistent with the subparagraphs of Section 0.459(b).²

1. The information for which the Company is seeking confidential treatment is an attachment to the Company's annual reporting information pursuant to Sections 54.313 and 54.422 of the Commission's rules ("Report").³
2. Pursuant to Section 54.313, Rate-of-Return Eligible Telecommunications Carriers ("ETCs") must file with the Commission a Progress Report on its Five-Year Service Quality Improvement Plan ("Progress Report") which is contained in the attachment to the 2016 Report.⁴
3. The information contained in attachment for which the Company seeks the withholding from public inspection is the entirety of data pertaining to the Company's Progress Report provided at FCC Form 481 Line 112 attachment.

¹ 47 C.F.R. §§ 0.457, 0.459.

² 47 C.F.R. § 0.459(b)(1) through (9).

³ 47 C.F.R. §§ 54.313, 54.422.

⁴ 47 C.F.R. §§ 54.313.

Information of this nature is confidential commercial information routinely withheld from public inspection.

4. With respect to identifying the degree to which the subject attachment concerns a service that is subject to competition, the information is of a financial and competitive nature regarding the provision of telecommunications services. The Line 112 attachment contains competitively sensitive information related to proposed improvements or upgrades and maintenance the Company's network.

In its *March 5, 2013 Order*, the FCC. The FCC specified that for rate-of-return carriers, the five-year plans "should describe the carrier's network improvement plan, which should provide greater visibility into current plans to extend broadband service to unserved locations in rate-of-return service territories."⁵ The Company's Progress Report updates this information as well as provides maps and detailed information as to whether or not network improvement objectives were achieved at the wire center level. Accordingly, because the Company is a rate-of-return carrier, it must file Progress Reports which contain proprietary, competitively sensitive information related to the Company's existing network including the specific locations of customers as well as describe proposed improvements or upgrades and maintenance of its network throughout its service area. Specifically, this information sets forth services provided by the Company over its existing network including specific locations of customers as well as planned network improvement and maintenance for the years 2015 through 2019 including project start and completion dates, population that will be impacted by the improvements and upgrades at the wire center level and projected capital costs associated with the improvements and upgrades and operating costs associated with maintaining the network including depreciation for investments that have already been made. As such, this information contains competitively sensitive information related to the Company's existing network as well as detailed plans at the wire center level for network upgrades and maintenance projected for the years 2015 through 2019.

5. With respect to identifying possible exposure to competitive harm, the information contained in the Line 112 attachment is information that is not customarily released to the public. This information is proprietary to the Company, is unique to the Company's serving territory and is only known to the Company and its authorized agents. If the Information is not protected, it would have economic value to potential competitors who would be able to target their marketing to specific customers. In a competitive telecommunications marketplace, this type of information is highly sensitive. If publicly disclosed, it would enable competitors to craft business plans that capitalize on their knowledge of the locations of the Company's customers which would place the Company at a competitive disadvantage.

⁵ See *Connect America Fund et al.*, WC Docket 10-90 *et al.*, Order, DA 13-332 (rel. Mar. 5, 2013) ("*March 5, 2013 Order*") at para 9 citing Section 54.202(a) (1) (ii).

Request for Confidentiality

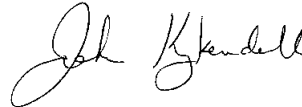

Page 3

6. With respect to steps the Company has taken to ensure against unauthorized disclosure of the information contained in the attachment, the Company is filing the attachment under seal. The Company uses the information contained in the Progress Report to ensure that its customers continue to receive state-of-the-art high quality telecommunications and broadband services that the Company has been providing to them for many years as well as to satisfy mandatory reporting requirements and does not share the information for which protection is sought. The Company protects the secrecy of this information with a security protocol that ensures the information is not inadvertently disclosed or disseminated. Only directors, managers and employees with a direct need to know are authorized to access the information.
7. Any previous versions of this information are not publicly available.
8. Because the information is not routinely available, a need exists for maintaining the confidentiality of this information permanently.
9. Not applicable.

Based on the preceding, JSI respectfully requests on behalf of the Company that the Commission grant confidential treatment under Section 0.459 to Company's Progress Report provided at FCC Form 481 Line 112 attachment.

Please contact the undersigned with any questions regarding this request.

Sincerely,

John Kuykendall

4005 Rural Broadband Experiment

Authorized Rural Broadband Experiment (RBE) recipients must address the certification for public interest obligations, provide a list of newly served community anchor institutions, and provide a list of locations where broadband has been deployed.

Public Interest Obligations – FCC 14-98 (paragraphs 26-29, 78)

Please address Line 4001 regarding compliance with the Commission’s public interest obligations. All RBE participants must provide a response to Line 4001.

4001. Recipient certifies that it is offering broadband to the identified locations meeting the requisite public interest obligations consistent with the category for which they were selected, including broadband speed, latency, usage capacity, and rates that are reasonably comparable to rates for comparable offerings in urban areas?

Community Anchor Institutions – FCC 14-98 (paragraph 79)

4003a. RBE participants must provide the number, names, and addresses of community anchor institutions to which they newly deployed broadband service in the preceding calendar year. On this line, please respond (yes – attach new community anchors, no – no new anchors) to indicate whether this list will be provided.

If yes to 4003A, please provide a response for 4003B.

4003b. Provide the number, names and addresses of community anchor institutions to which the recipient newly began providing access to broadband service in the preceding calendar year.	Name of Attached Document Listing Required Information

Demonstration of Complying with Applicable Service Quality Standards and Consumer Protection Rules For Voice and Broadband

In establishing this certification in its *2005 ETC Order*,¹ the FCC found that an ETC must make “a specific commitment to objective measures to protect consumers.”² The FCC found that for wireless ETCs, compliance with CTIA’s Consumer Code for Wireless Service would satisfy this requirement” and that the sufficiency of other commitments would be considered on a case-by-case basis.³ In this context, the FCC stated, “to the extent a wireline or wireless ETC applicant is subject to consumer protection obligations under state law, compliance with such laws may meet our requirement.”⁴

Mound Bayou Telephone & Communications, Inc. (“Company”) hereby certifies that it is complying with applicable service quality standards and consumer protection rules. The Company is subject to consumer protection obligations under state law and pursuant to the orders in Mississippi Public Service Commission Docket No. 2005-AD-662. These obligations include, but are not limited to, the following: (1) filing a Local Exchange Tariff pursuant to the requirements of Mississippi Public Service Commission which disclose rates, terms and conditions of service to customers; (2) adherence to state consumer protection requirements governing telephone providers under Title 39 Utilities, Part III Rules and Regulations Governing Public Utility Service , Subpart 1, General Rules, and Subpart 3, Special Rules – Telephone Companies, including requirements

¹ *Federal-State Joint Board on Universal Service*, CC Docket No. 96-45, Report and Order, FCC 05-46 (rel. Mar. 17, 2005) (“*2005 ETC Order*”).

² *Id.* at para. 28.

³ *Id.* The FCC noted that under the CTIA Consumer Code, wireless carriers agree to: “(1) disclose rates and terms of service to customers; (2) make available maps showing where service is generally available; (3) provide contract terms to customers and confirm changes in service; (4) allow a trial period for new service; (5) provide specific disclosures in advertising; (6) separately identify carrier charges from taxes on billing statements; (7) provide customers the right to terminate service for changes to contract terms; (8) provide ready access to customer service; (9) promptly respond to consumer inquiries and complaints received from government agencies; and (10) abide by policies for protection of consumer privacy.” *Id.* at n. 71.

⁴ *Id.* at n. 72.

for customer service, billing, consumer complaints, rates and charges, and under Miss. Code Ann. Title 77, Chapter 3 statutes; and (3) truth-in-billing requirements; and (4) CPNI, Red Flag Rules and other applicable federal and state requirements governing the protection of customers' privacy.

Company is subject to consumer protection obligations for broadband services under federal law. These obligations include, but are not limited to, the following: public disclosure of accurate information regarding network management practices, performance, and commercial terms of broadband internet access services; as a means of providing sufficient information for consumers to make informed choices regarding use of such services, and for content, application, service and device providers to develop, market, and maintain internet offerings as specified in F.C.C. 47 C.F.R. Part 8 §8.3. The Company furthermore will comply with all requirements set forth in the *2015 Open Internet Order*.

Demonstration of Ability to Function in Emergency Situations for Voice and Broadband

Mound Bayou Telephone & Communications, Inc. (“Company”) hereby certifies that it is able to function in emergency situations as set forth in §54.202(a)(2)¹ and pursuant to orders in Mississippi Public Service Commission Docket No. 2005-AD-662. The Company’s network is designed to remain functional in emergency situations without an external power source, is able to reroute traffic around damaged facilities, and is capable of managing traffic spikes resulting from emergency situations as required by Section 54.202(a)(2). The Company can reroute traffic around damaged facilities. Changing call routing translations will also allow the Company to manage traffic spikes throughout its network, as emergency situations require.

Specifically, each central office building is supplied with standby generators and battery back-up that enable the central office to keep running until power is restored so long as fuel is available, or until system changes are made to reroute traffic. The Company has battery backup at all office locations and in its electronic equipment sites. Length of run time is determined by the equipment serving the area and the number of customers working out of the equipment. The company’s standby generators and battery back-up support both voice and broadband network equipment should an emergency situation occur.

¹ Section 54.202(a)(2) requires ETCs that are designated by the Commission to “demonstrate its ability to remain functional in emergency situations, including a demonstration that it has a reasonable amount of back-up power to ensure functionality without an external power source, is able to reroute traffic around damaged facilities, and is capable of managing traffic spikes resulting from emergency situations.”

LOW-INCOME ASSISTANCE PROGRAM

GENERAL

The Company, as part of its obligations as an Eligible Telecommunications Carrier, offers a low-income assistance program. This program, Lifeline Assistance, is offered under the terms and conditions provided below:

(T)
 |
 (T)

Lifeline Assistance

A. General

Lifeline Assistance is a retail service offering available to qualifying low-income subscribers as provided for below. Lifeline Assistance enables eligible subscribers to pay reduced charges for the following package services: voice-grade access to the public switched network; local usage; dual-tone multi-frequency signaling or its functional equivalent; single-party service; access to emergency services; access to operator services; access to interexchange service; access to directory assistance; and toll blocking. An eligible customer receives credit for the Low-Income Assistance Program pursuant to FCC Order 12-11 and MPSC Docket 2007-AD-487.

(T)

B. Regulations

1. A consumer household is eligible for Lifeline Assistance if the total household income is at or below 135% of the Federal Poverty Guidelines. Lifeline Assistance is also available to households containing at least one household member who participates in at least one of the following programs:

(T)
 |
 (T)

- a. Medicaid
- b. Supplemental Nutrition Assistance Program (SNAP), formerly "Food Stamps"
- c. Supplemental Security Income (SSI)
- d. Temporary Assistance to Needy Families (TANF)
- e. Low-Income Home Energy Assistance Program (LIHEAP)
- f. Section 8 Federal Public Housing Assistance (FPHA)
- g. National School Lunch Program's Free Lunch Initiative (NSLP)

(T)
 (T)

2. Each subscriber to Lifeline Assistance must certify in writing to the Company, under penalty of perjury, that he/she receives benefits under a program outlined in subparagraph B.1., above, or meets the income-based criteria, and must, on the same document, agree to notify the Company if he/she ceases to participate in the qualifying program. The certification form shall conform to the requirements described herein, and shall be made available upon request to any subscriber. The Company shall retain all such subscriber certifications pursuant to FCC Order 12-11 in order to furnish proof of subscriber eligibility as may be required from time to time by Universal Service administrators.

Lifeline Assistance (continued)

B. Regulations (continued)

3. All applications for this service are subject to verifications with the state agency (D) (T) responsible for administration of the qualifying program. The Company may request any additional documentation deemed necessary prior to providing Lifeline benefits such as an administering agency's official designation of eligibility in a particular means-based program found in sub-paragraph B.1., above, and that the telephone subscriber is the financially responsible party for the qualifying member of his or her household, or that the eligible household member is the telephone subscriber's dependent pursuant to the rules and regulations of the Internal Revenue Service.
4. A subscriber may elect at the time of subscription to Lifeline Assistance to receive toll blocking as part of Lifeline Assistance. "Toll blocking" is a service that permits a subscriber to elect not to allow the completion of outgoing toll calls from the subscriber's residence.
5. Lifeline Assistance will not be disconnected for non-payment of toll charges, however, in the event toll charges are not paid within 10 days of the mailing of the Company bill, the Company will implement toll blocking immediately thereafter. In addition, the Company will not deny re-establishment of local service to customers who are eligible for Lifeline Assistance and have previously been disconnected for non-payment of toll charges. Lifeline Assistance will not be connected if an outstanding balance is owed by the customer for local service.
6. The Company may not collect a service deposit in order to initiate Lifeline Assistance if the qualifying low-income subscriber voluntarily elects toll blocking from the Company, where available.

Lifeline Assistance (continued)

B. Regulations (continued)

7. The Company will reconcile and confirm all subscribers' eligibility annually pursuant to FCC Order 12-11 by requiring each Lifeline subscriber to respond to and provide proof of continuing program eligibility under penalty or perjury via a FCC-compliant survey that their household continues to meet program eligibility requirements specified in B.1., above. Lifeline subscribers who are determined to be ineligible shall be notified of their ineligibility in writing by the Company and provided 30 days from the date of such notice to rectify or otherwise demonstrate their eligibility prior to the discontinuance of their Lifeline benefits. All unresolved disputes regarding Lifeline eligibility shall be brought to the attention of the MPSC for resolution. (N)

8. Only one Lifeline service is available per residential household pursuant to FCC Order 12-11. A household is any individual or group of individuals who are living together at the same address as one economic unit. A household may include related and unrelated persons. An "economic unit" consists of all adult individuals contributing to and sharing in the income and expenses of a household. An adult is any person eighteen years or older. When an adult having no or minimal income and living with someone who provides financial support to him or her, both people shall be considered part of the same household. Children under the age of eighteen living with their parents or guardians are considered to be part of the same household as their parents or guardians. A household is not permitted to receive Lifeline benefits from multiple providers. (N)

9. A Lifeline customer may subscribe to any local service offering available to other residential customers. (N)

10. The PIC charge will not be billed to Lifeline customers who subscribe to toll blocking and do not presubscribe to a long distance carrier. (N)

Mound Bayou Telephone & Communications, Inc. (SAC 280462)

Response to Line 3010 – Milestone Certification (47 CFR §54.313(f)(1)(i))

Mound Bayou Telephone & Communications, Inc. (SAC 280462) hereby certifies that throughout 2015, it took reasonable steps to provide upon reasonable request broadband service at actual speeds of at least 10 Mbps downstream/1 Mbps upstream, with latency suitable for real-time applications, including Voice over Internet Protocol, and usage capacity that is reasonably comparable to comparable offerings in urban areas and that requests for such service are met within a reasonable amount of time. If a request for broadband service at actual speeds of at least 10 Mbps downstream/1 Mbps upstream is unreasonable, and offering broadband service at actual speeds of at least 4 Mbps downstream/1 Mbps upstream is reasonable, the Company offers broadband service at actual speeds of at least 4 Mbps downstream/1 Mbps upstream.
